OUR STORY

Released Time Christian Education is a program providing free weekly Bible classes to public school students. Classes are held off the campus during the school day and pupils are enrolled with a parent's written permission. Released Time programs go where the children are - to the schools.

Released Time uses interactive curriculum. They use music, class participation, prayer, and have children memorize Bible verses.

Released Time provides a Bible for the students. The children take home a Bible request card and have their parents sign it. This way parents know the Bible is a gift from Released Time.

OUR VISION

To offer a legal way for America's public school children to learn about God, Jesus and prayer using the Bible during the school day.

OUR MISSION

To provide Bible education in every public elementary school.

PLEASE PRAY FOR:

- For God to provide, empower and protect the men and women who volunteer for this local outreach.
- The children who participate and their families.
- For consistent financial partners every year to fund this amazing ministry.
- For more children to be involved in this ministry.
- The children to reach out to their friends at school and tell them about what they have learned and to invite them to come.

Where:

In a converted bus or trailer parked by the school property

Languages:

English
Spanish

Materials:

Bibles are provided for children to use

Cost:

Free to all Children

Age:

For Children grades 3rd - 6th

Location:

In cities all across the United States
